

ISSUANCE

EFFICIENT AND FLEXIBLE
ISSUE OF SECURITIES

30 years of expertise, a wide-ranging network and a high standards rating. These are key reasons for choosing VP to issue your securities.

VP offers flexible and tailored solutions to ensure a smooth process for the issue of shares, bonds, unit trust certificates and other securities offered by VP. We support the issue of securities with qualified advice, effective processes and competitive prices.

Electronic issue

Thanks to our automated processes, VP's electronic issue makes the securities easier to transfer and manage and leaves no doubt as to ownership. VP has more than 30 years' experience in this area and is a well-known and respected partner – both in Denmark and abroad.

Individual solutions

VP offers tailored, flexible securities issue solutions. VP offers all types of bond. For the issue of shares we are able to create a direct link to the owner register and provide a solution with a wealth of investor care services, dividend management etc.

Across borders

VP covers the most interesting investor segments through a number of securities centres, primarily in Europe, and other partners – including VP LUX, our own subsidiary in Luxembourg. Issue may also take place in different currencies, as required. Have a chat with our advisors to find out more.

Benefits

- Fast and flexible process
- Safe, electronic issue
- High level of transferability
- No doubts about ownership
- Issue in several currencies
- Link to other centres
